ARIZONA CORPORATION COMMISSION  
DOCKET CONTROL

I am writing in response to Abra Water company's application for their proposed rate increases.

I feel this is a bad time to raise rates in such a recessive economy.

We are personally experiencing salary cuts and forced furloughs and there are many in this community fighting off foreclosures. We are all struggling in this economy to make ends meet by cutting things out of our budget that is not essential to our economic survival and I can tell you personally we are just getting by and any rate hike will cause undue financial hardships for my family and other families in this community at this time and for these unfortunate realities I and my family are firmly against these proposed rate increases to our water bill.

Thank you for your consideration,

Daniel and Barbara Kelsey
